

KEVIN MOOR

Wallasey, Merseyside	0151 6389432 07970 949822 kevin@iceforce.co.uk
----------------------	--

PERSONAL PROFILE

A highly versatile, self motivated and articulate I.T. professional, with extensive Analyst Programming, Cobol and general business experience. Able to work well independently, make decisions, learn rapidly and meet deadlines using strong analytical skills. Also a skilled communicator, Kevin is an outgoing and helpful team player with a logical and resourceful approach to problem solving. Looking to work as an Analyst Programmer leading and motivating a team to deliver excellent results and progressing to a senior role.

PROFESSIONAL EXPERIENCE

Consultant Analyst Programmer

1989-present

Iceforce Systems Ltd – www.iceforce.co.uk - Merseyside
(own service company used for contracting)

Consult on a freelance basis, mainly on Honeywell / Bull Mainframes. Some experience in Lotus Notes development and PHP/MySQL development on Microsoft servers.

- Consistently satisfied a continual succession of clients, with contracts often being extended or renewed.
- Designed a regional report distribution system for the Prescription Pricing Authority (still fault free after 6 years) and successfully trained all end users.
- Led a highly rewarding and beneficial project for Birmingham Midshires Building Society that resulted in the stabilisation of internal team frictions and longer retention of skilled consultants.
- Won a Birmingham Midshires Company Award for working with an employee significantly beyond the contract remit.

Contract Work Summary

- Steria Ltd (formerly Bull Information Systems) - Hemel Hempstead
- DeMoulas Market Basket - Boston USA
- Prescription Pricing Authority - Newcastle Upon Tyne
- Birmingham Midshires Building Society - Wolverhampton
- F.I. Group - Hemel Hempstead
- Swinton Insurance Brokers - Manchester
- University of Liverpool
- South Staffordshire Waterworks Company - Wallsall
- Reed Stenhouse Management Services
- White Horse Distillers Ltd - Glasgow

Team Leader

1981-1989

Toccat Computer Services Ltd - Merseyside
(*I.T. Consultancy*)

- Consolidated excellent analytical skills and quickly progressed from Trainee Programmer through Analyst Programmer to System Designer and Team Leader.
- Trained 3 programmers, all of whom remain highly successful I.T. specialists.
- Developed strong communication and interpersonal skills through the need to liaise with team members and clients on many levels.
- Achieved notable success with the system design of a Water Quality Archive for South Staffordshire Waterworks.
- Delivered an acclaimed Sales Markdown Control System for Owen Owen plc.

Stock Control Clerk

1976-1981

E.R. Squibb and Son - Wirral
(*International Pharmaceuticals Company*)

- Promoted from data control clerk to stock control clerk.
- Took initiative to learn BASIC on a Commodore PET to use newly implemented on-line stock control system.
